## PROFESSIONAL PROFILE

I am an outstanding student with a high academic average in my bachelor's degree in science at Pedro Pablo Sánchez Secondary School, with strengths in mathematics, physics, chemistry, and English. Additionally, as a participant in the ¡Supérate! program, I have developed advanced skills in programming and logical thinking. I possess characteristics such as discipline, intellectual curiosity, and dedication to learning. I aspire to study pure chemistry and contribute to the advancement of this science through research and innovation.

## SKILLS

- Critical Thinking
- Creativity
- Optimism
- Empathy
- Leadership
- Intermediate English proficiency
- Design tools proficiency
- Office 365 tools proficiency (Word & Excel)
